## The Nebbiolo Veranda; Slim, elegant and very competitively priced

Enjoy special moments sheltered from the forces of the weather. With the Nebbiolo from Deponti you will experience your garden as you would like to experience your garden. All this under a slim, elegant and timeless design.

### Outstanding

The Nebbiolo is number one when it comes to quality and price. This veranda is slimmer than our other models, offering excellent value for money. In the slimline veranda market the Nebbiolo is sturdier than what is usually expected. The in-between beams are fitted with aluminium covers instead of plastic top covers, which makes the covering very sturdy and robust. The Nebbiolo is characterised by a slim, elegant and timeless design.

### Characteristics

This veranda is available in standard widths of 4, 5 or 6 meters. The roof is equipped with a polycarbonate roof; high-quality and durable material with a timeless appearance.

DETAILS	
Colours	RAL9001 / RAL7024
Gutter	Standard half-round
Posts	Square
Roofing	Polycarbonate (Opal / Clear / Ultra clear / Solar control)
Width (mm)	4045 / 5045 / 6045
Projection (mm)	2500 / 3000 / 3500

As an added option, the Nebbiolo can be expanded with various accessories of Deponti, such as a side wall, LED lighting or side panel. More information on page 30.

# The Bosco Veranda; Our best-seller, choose your own look!

A veranda finished to perfection. Fully customizable to your wishes and suitable for your home. Meet the Bosco from Deponti.

## Perfection

The Bosco veranda is finished to perfection. This veranda offers a wide variety of choices. For example, you choose a round or classic ornamental gutter and half round or squared posts. You can therefore customize the Bosco completely to your style, taste and preferences. You ensure a perfect match with your home and garden.

## Characteristics

Thanks to our modular system, the possibilities with the Bosco are endless and suitable for every situation and every style. This patio cover is available in four colour versions. For the polycarbonate roofing you can choose from clear, ultra clear, opal and solar control.

Sustainable No discoloration Weatherproof Roofing polycarbonate 16 mm Max. width between 2 Posts <4 m>

Bosco

## The Giallo Veranda; Beautifully, smooth and robust

With the Giallo veranda you can enjoy the outdoors to the max. From your first coffee moment in the morning until the setting of the sun. Regardless of the weather conditions. With an unobstructed and open view.

### Robust look

The Deponti Giallo Veranda is known for its smooth, robust look and is equipped with a reinforced gutter profile. Because of this extra reinforcement the Giallo can be mounted with just two posts with a span of 6 metres. The maximum span on two posts is what makes the Giallo unique. The result is maximum enjoyment with a free and open view.

### Characteristics

The Deponti Giallo is available in four colours. The veranda comes with a standard polycarbonate roof, in which you can choose from various types, depending on your wishes.

#### DETAILS

Colours	RAL9001 / RAL7024 / RAL9016 / RAL9005

Projection (mm)	2500 / 3000 / 3500 / 4000 / 6000

As an added option, the Giallo can be expanded with various Deponti accessories, such as a side wall, LED lighting and side panel. More information on page 30.

### **THE ADVANTAGES OF ALUMINIUM**

- ✓ In general, aluminium verandas are a more durable investment than verandas made of other materials.
- ✓ An aluminium veranda offers a strong construction that will probably last a lifetime.
- ✓ Aluminium requires little maintenance.
- ✓ Aluminium verandas have a long lifespan, meaning that a single investment gives you many years of care-free enjoyment of outdoor living!

## The Pigato veranda; Luxury veranda with a glass roof

Enjoy the perfect light. And look under your veranda for trees, birds and stars. The Pigato from Deponti: An enrichment of your outdoor life and a feeling of pure luxury.

### High-end

The Pigato is the luxury aluminium veranda of the Deponti product range. This veranda is reinforced with a steel strip in the gutter profile, meaning that this veranda can be fitted with a laminated glass roof. This will give you the perfect lighting allowing you to enjoy your outdoor views without losing light in your home, providing a sense of enrichment and pure luxury.

### Characteristics

The Veranda is available in four colours. The Pigato comes standard with a glass roof, but if desired, it can also come with polycarbonate. In addition, this veranda comes with various options for styles of guttering and posts that best matches your home.

#### DETAILS

Colours	RAL9001 / RAL7024 / RAL9016 / RAL9005
Gutter	Round or Classic (Optional straight gutter)
Posts	Half-round or square
Roofing	44.2 safety glass or polycarbonate
Width (mm)	4060 / 5060 / 6060 / 7060 or a multitude thereof
Projection (mm)	2500 / 3000 / 3500 / 4000 / 6000

As an added option, the Pigato can be expanded with various Deponti accessories, such as a side wall, LED lighting or a side panel. More information on page 30.

# The Ribolla veranda; Enjoy a covered terrace everywhere

Behind your lawn. By the pond. Or at the pool. With the Ribolla from Deponti you bring the inside out. Anywhere in your garden.

## Outdoor living wherever you want

With a veranda you can bring the indoors outside and create a wonderful place directly adjacent to your home. With the Ribolla, however, Deponti presents a veranda that can be placed completely free-standing in your garden. The construction of this roof is completely independent. This means you are not dependent on placement against the wall. You can create a covered terrace at any desired location and enjoy the outdoors to the fullest.

## Characteristics

The highest point of the Ribolla is at the front. As a result, the drain and gutter are nicely concealed at the back. The Ribolla can also be built with flexibility in mind. It comes standard with a closed back wall, one closed side wall (or a side wall with an ultra-clear polycarbonate window) and one side wall with a landing. Of course, other combinations and variants are also possible and the Ribolla can be adapted to suit your requirements.

### DETAILS

Colours	RAL7024 / RAL9005
Gutter	Round or Classic
Posts	Square
Roofing	Polycarbonate (Opal / Clear / Ultra clear / Solar control)
Width (mm)	4060 / 5060 / 6060

As an added option, the Ribolla can be expanded with various accessories of Deponti, such as a sliding glass doors, LED lighting or side panels. More information on page 30.

Ribolla

## The Verdeca Folding roof; Ultimate flexibility with a sleek design

With a Deponti folding roof, your terrace comes alive. Whatever the weather, you can open or close the roof with a simple press of the remote control. This means that you decide how much sun comes in and that you can still sit outside even in bad weather.

### Extra living pleasure

Enjoy extra living pleasure in the garden through ultimate flexibility. Who would not want that? The Verdeca roof canvas is made of a sun-resistant and water-resistant fabric. Are you sitting under this veranda and want to enjoy the sun? Then, with one push on the button, raise the canvas (partially) so you can immediately enjoy maximum light and the beautiful weather. If you prefer to sit in the shade or seek protection against wind, rain or UV radiation, you can close the screen with the same ease.

By adding glass sliding doors you can choose to extend your Verdeca veranda to a complete garden room. With the flexible Verdeca veranda, you can therefore enjoy optimum comfort at your terrace.

Sustainable No discoloration Weatherproof

### DETAILS

Aluminium colour	RAL7024
Canvas colour	White
Control	The Verdeca canvas and LED lighting can be controlled with the supplied SOMFY remote control.
Width (mm)	4000 / 5000 / 6000

7024

## The Pinela Louvered Roof; The perfect light on your terrace

Want to decide for yourself how you want to enjoy the sun and the weather under your pergola? Now this is possible with the Pinela pergola from Deponti. With the remote control you can easily tilt the panels in the roof to a different position. This way you have the control to play with the light, the shade and the airflow under your roof.

### Take control over the lighting and ventilation

During the summer, you have the flexibility to either sit in the sun or take advantage of the shade. In the winter on the other hand, you will experience the benefits of the waterproof roof and the protection against all kinds of weather conditions! This allows you to enjoy your terrace during all seasons, all year round.

The Pinela has a durable and sleek design which makes this roof a real addition to your home. With a remote control, the panels are easy to rotate into a position that creates the perfect light for you. Because the panels are continuously adjustable up to 120 degrees, you can even let the panels rotate with the sun!

Sustainable No discoloration Weatherproof

### DETAILS

Colours	RAL7024
Panels	The panels are adjustable up to 120°. The panels of the Pinela and the optional LED lighting can be controlled with the supplied SOMFY remote control.
Applications	Can be installed both as a wall model and freestanding
Width (mm)	3000 / 3500
Projection (mm)	3011 / 3539 / 4067 / 4947

As an added option, the Pinela can be expanded with an LED lighting strip or with sliding glass doors in order to be able to close one or more sides from rain and wind. More information about sliding glass doors on page 24.

Pinela

## The Pinela Deluxe Louvered Roof; The convertible effect in your garden

Would you like to have an open space above your terrace in no time? With the push of a button, you can open the roof panels of the Pinela Deluxe and create a convertible effect in your garden.

### Unique experience

A unique experience is guaranteed with the stylish Pinela Deluxe from Deponti. The panels of this veranda can easily be moved to one side with the push of a button. This gives you a completely open space above your terrace in no time. Allowing you to experience the ultimate outdoor feeling regardless of the weather.

In the open position, the pergola offers maximum light. At the same time, in a closed position the Pinela Deluxe protects against various weather conditions and offers you a shady spot on sunny days. Rain or shine, you will experience the ultimate outdoor living feeling.

Sustainable

As an added option, the Pinela Deluxe can be expanded with an LED lighting strip or with sliding glass doors in order to be able to close one or more sides from rain and wind. More information about sliding glass doors on page 24.

**MAKE YOUR VERANDA A GARDEN ROOM BECAUSE:**

- ✓ You can enjoy the outdoors for longer because you can keep out the rain and wind.
- ✓ You create, as it were, a new place in your house where inside and outside come together.
- ✓ The view of your garden is not obstructed.
- ✓ With a one-time investment you can enjoy the outdoors for many years to come!

## Turn your veranda into a Glassroom; enjoy your garden and terrace longer, with sliding glass doors

Just imagine. A rainy and windy day. You look outside from your living room. And you miss the outdoors. It is a shame that in such a case your living room beckons more than your covered terrace. With our sliding glass doors, we ensure that you can relax under your veranda whatever the weather. Or rather: in your luxurious and attractive garden room.

### Ultimate outdoor feeling

The glass panels are available in different heights and widths. They can run in two to six tracks and have no frame. Thus offering an unobstructed view of your garden. In addition, a glass sliding wall also protects against wind and weather elements. This way you can enjoy the ultimate outdoor feeling, even in bad weather. And when the weather permits, simply open the panels.

### Always a solution!

Did you know that Deponti's sliding glass doors are not only suitable for Deponti's aluminium verandas. They can be installed under existing structures, in timber buildings and in a multitude of other ways.

#### DETAILS

Colours (profiles): RAL9016 / RAL9001 / RAL7024 / RAL9005 / Uncoated

Panel width\* (mm) 640 / 820 / 980 / 1040

Glass thickness (mm) 10

Number of tracks 2 / 3 / 4 / 5 / 6-track rails

Installation height\* (mm) 2000 / 2100 / 2150 / 2200 / 2250 / 2300 / 2400 / 2500

\* *Deviating dimensions are also available on request.*

As an added option, the glass sliding doors of Deponti can be expanded with various glass door accessories of Deponti, such as handles and tracking system. More information on page 33.

## Viewline Slide-and-turn system; Experience comfort and flexibility

Viewline's glass slide-and-turn-system offers you maximum comfort and flexibility. Enjoy light and warmth in fine weather. Or create a warm, enclosed space. Our innovative glass sliding/tilting system offers infinite possibilities. Let the inside and outside flow into each other like never before.

### Flexible and custom-made

Viewline's glass slide-and-turn-system is suitable for any type of veranda roof and is fully custom-made. The panels do not put any strain on the structure above the frame, which makes the slide-and-turn system an ideal solution for veranda covers.

The panels can be shifted individually. This allows all panels to be unfolded separately on the side of the master door and still make optimal use of the space around the frame.

### Save access

The slide-and-turn-system is equipped with a master door on the side of the frame. The lock has a multi-point locking system and thus provides extra protection. All the other panels are locked at 2 points on both the top and bottom rails.

## Experience the outdoors with our unique Windbreaker, featuring our vertical sliding technology.

Perfect for terraces. Ideal for creating a partition. Thanks to our innovative windbreaker, we make outdoor living even more attractive. The operation of the windbreaker is manual, so no electricity is needed. Installation is easy, you just set it level and in the direction you want.

In addition, you can expand the windbreaker with a base that can also function as a planter. The base eliminates the need for screws in the ground and creates an immediate green environment.

The base (with or without a planter) is optionally available with wheels, making the Windbreaker easily movable and versatile for use in any location.

### Minimalist design & easy to use

Thanks to its minimalist design you can enjoy a view as clear as glass. All profiles are slim in appearance and well concealed. With a click, the vertical sliding system opens easily. A screen rises and extends with gentle speed. With the same simple movement you can click and lower the screen again.

#### DETAILS

Colours	RAL7024 / RAL9005 / RAL9016
Retracted height	1100mm
Extended height	1900mm
Available widths	1000mm / 1500mm / 2000mm
Glass type*	2 x 8mm toughened
Coupling	Coupling is possible with a cover plate

\* System is also available with or without customised glass to fit other widths.

As an added option, the windbreaker can be expanded with a planter and/or wheels.

With our accessories, you can make your veranda or glassroom suitable for every moment, season or weathertype.

## Side wall

**Comfortable, windproof and available in both polycarbonate and glass**

You can make the extra living space created under your veranda even more comfortable and homely by choosing side walls. A side wall allows you to close the veranda at one or both sides, free from wind and rain. This allows you to enjoy your verandas longer.

Our side walls come standard with 16 mm thick polycarbonate and an aluminium frame that matches the colour of your cream white or anthracite veranda. The Deponti side walls can be installed under any brand and type of veranda.

### DETAILS

Colours (frame)	RAL9001 / RAL7024
Colours (sheets)	Polycarbonate (Opal / Clear / Ultra clear / Solar control)
Standard height (mm)	3000
Standard dimensions	Veranda with depth up to 4 metres

If you prefer a glass side wall, we also offer a frame construction system for a side wall with 33.1 glass.

## Key frame

**Covers the sloped part between the roof and the top of the side wall.**

A key frame is used to partially close your veranda on one or multiple sides for instance when it is next to a fence or wall. A key frame is designed to cover the sloped part between the roof and the top of the side wall.

The key frame is made of an aluminium frame and 16mm thick polycarbonate. If desired, the key frame can also be delivered in glass.

You can easily add the key frame to your order, but you can also mount it later. The key frame can be mounted to all types of verandas we have.

### DETAILS

Colours (frame)	RAL9001 / RAL7024 / RAL9016
Colours (sheets)	Polycarbonate (Opal / Clear / Ultra clear / Solar control)

## Aluminium Grillo panels

### Lightweight and durable

Grillo panels are unique in the Deponti range. These are lightweight, aluminium parts that enrich your outdoor life. The panels are stackable, easy to assemble and fitted with click profiles. The durable and flexible character ensures that you can use the Grillo panels in different ways. They can serve as fence parts for more privacy, or as fencing. But you can also make planters or a beautiful aluminium conversion for your garbage container. Even creating a garage door is possible. In short: your creativity will be fully stimulated with the Grillo panels from Deponti.

#### DETAILS

Colours (frame)	RAL9001 / RAL7024 / RAL9016 / RAL9005
-----------------	---------------------------------------

#### *Dimensions fence part*

Width (mm)	25
Height (mm)	166
Working height (mm)	150
Lengths (mm)	3500 / 4000 / 5000 / 6000

## LED lighting

### Stay outside even longer

Want to have dinner with family or friends, read a book on the lounge sofa or play a game with the entire family? With ambient outdoor lighting, you can also enjoy your terrace at night. Our dimmable LED recessed spotlights come with remote control; extra comfort!

#### DETAILS

Number of lights	6 or 10 or a multitude of that
Dimmable	Yes (continuous)
Operation	Remote control is included by default
Dimmer power	18W
Voltage	18-23V (750mA)
Minimum dimmer load	4 x 3W

With our accessories, you can make your veranda suitable for every moment, season or weather type.

## Concrete footings

### Supporting foundation.

A Deponti veranda can be installed on any existing surface. For extra firmness or when a solid foundation is not available, you can also choose concrete footings; These concrete footings can easily be installed under the Posts, out of sight, and can be supplied with and without rainwater drain. No surface is the same, so seek advice of one of our Deponti partner about the best foundation in your garden situation.

## Sliding glass door tracking system

### All glass panels open and close at once.

Our 'tracking system' makes sure that all panels are moved automatically, when opening or closing the glass door. This way, you can easily open or close the entire wall. The carriers can be mounted in the profile in a flexible way, meaning that you decide where the panels overlap.

## Sliding glass door handles

**To be opened easier, without stains or fingerprints on the window**

Have you expanded your veranda with glass sliding doors? If so, you can opt for extra handles to open the sliding doors even easier, without stains or fingerprints. These door handles can be attached easily to the glass panel at a place of your liking. In this, you can choose between adhesive handles and screw-on handles.

## Sliding glass door steel-look

**An eyecatcher in no time**

With the Fiano-Steel-look glazing bars from Deponti you create the perfect combination between a homely atmosphere and the feeling of being outdoors.

The steel-look glazing bars give your Fiano glass doors the robust appearance of steel, with the advantages of aluminum material. It is light, durable and will last for years. So you can enjoy the trendy look in your complete garden room every time.

You can also tailor the Fiano Steel look to your preferences. The black glazing bars can easily be placed on both sides of the glass wall via a connecting U-profile. You can also adapt to our liking, by adding the horizontal rods.
